**Product:**  
Playmat: RED ZONE  
Large playing mat with non-skid rubber back for  
playing collectable card games  
Size: 40\*60 cm

*The inspiration for this mat comes from the Pro Tour circuit's feature match tables that have the top painted red and the bottom part of the table painted green. Attacking creatures are placed in the red zone - that way it is easy for all players to see what is going on (even if the creatures do not tap while attacking).*
